Cloudcroft, NM- (832)731-1788- firstduepartners@gmail.com

Executive Bio

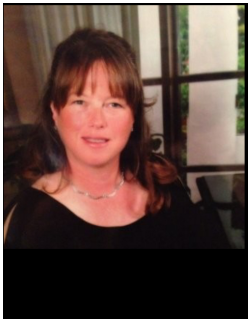

Javier Crespo is a 33 year emergency services first responder, instructor, officer, and executive specializing in public organizational governance, business management, and emergency management administration. He holds a MBA from the Jack Welch Management Institute at Strayer University, a B.A.A.S in Emergency Management Administration from West Texas A&M University, is a retired master firefighter in the State of Texas, and a former chemical, biological, radiological, and nuclear specialist in the United States Army.

Mr. Crespo is a Managing Partner at First Due Partners LLC, a business consultancy he began after retiring from a 30 year progressive career at the City of Sugar Land Fire-EMS in Texas. The aim of the consultancy is to navigate organizations through strategic planning, management of change, and organizational management with an emphasis on public entities. Mr. Crespo's experience in emergency management and emergency services provides organizations with a unique opportunity to capitalize on experience in building strategic partnerships, corporate governance, and organizational management.

Maureen Crespo
